

THE PETROLEUM MARKET.

NEWS FROM THE FIELD AND RANGE OF PRICES.

New-York, Sept. 25, 1863.
Bids of 65 cents were made for National Transit pipe line certificates at the Consolidated Exchange to-day, against 65 cents, which was Saturday's closing price. There were no takers, however, and no dealings in crude petroleum market were recorded. Refined oil in barrels was unchanged at 65 cents. In bags at 65 cents, and in cases at 55 cents. Foreign quotations were: Antwerp, 112 francs; Bremen, 43½ marks; London, 13½-15 pence.

THE TRADE IN CHICAGO.

Chicago, Sept. 25 (Special).—Wheat sold off 5 cent to-day, and closed at the bottom. The decline was a result of the selling, which has been directed against this market of late, because it was out of line with the Northwest and the seaboard. Minneapolis and Duluth to-day showed the effect of their spring wheat market. The grain is to feed the mills, and did not do a lot of selling, both here and at New-York. Elevator people said they were getting free offerings of wheat than at any time since spring, when wheat was 10 cents higher. Wheat is up to all grades in the public houses, almost an even 12,000 bushels. A decrease on passage and light India shipments were not influential, because cables were low. Minneapolis and Duluth had 135 cars. Chicago had 140 cars. December opened at 70¢, sold between 70¢ and 65½ cents, and closed at 65½ cents. Corn was strong, advancing 15 cents over Saturday, and closed on a little higher. Wheat opened at 4½, then went down by 4½, and 4½, and so on at 4½ cents. The strength was largely the result of professional buying, and by Reams, Phillips and others, who were some of the leaders of a lighter interior movement. The crowd was much impressed by the very small stock at New-York, 32,000 bushels. Charters were made for 30,000 bushels. The grain may be sold by 25½ and 23½, and closed at 23 cents.

Packers still had complete control of the provision market—what there was of it. Everything was up 10 cents, and closed at 34 cents. January wheat was 28 bushels; the estimate for Tuesday was 16,000 bushels, or 10 cents higher. At night on the curb puts on December wheat were 90 bushels; 90 cents. Puts on May corn were 4½ cents; 4½ cents.

LONDON WOOL SALES.

London, Sept. 25.—At the wool sales to-day 5,500 bales were offered. There was a large attendance and the market was quiet. Prized wools, occasionally in sellers' favor, buyers from Bradford and France purchased largely of merinos. German purchasers took a few of the offerings, mainly Querfurt, and some of old and new. Buyers paying the most for them. Following are the sales and the prices obtained for greased wools. New South Wales—2,500 bales greasy, 5½d½d. Victoria—1,200 bales greasy, 5d½d. Tasmania—800 bales greasy, 6d½d. New Zealand—2,200 bales greasy, 5d½d. Cape of Good Hope and Natal—100 bales greasy, 6d½d.

REAL ESTATE.

BUSINESS AT THE EXCHANGES.

One of the most hopeful features of the market was the result of the sale of James L. Wells on the ground of the Vyse estate, situated on the Southern Boulevard, near Freeman-st, and Charlotte Place. Although the sale took place on Saturday, the accounts were not made up until yesterday morning, when it appeared that out of 138 lots on the Mall, 105 had been actually sold, amounting to \$96,490. The bidding continued until midnight. The lots ran from \$50 up to \$1,450 each. It was estimated that about 80 persons were present at the sale, of whom about 35 were bona-fide buyers. The experience of the auctioneer was that the less the amount of the lot, the greater the competition, and considerably more might have been sold had the lots run in the neighborhood of \$300 each.

The two sales under foreclosure announced for yesterday were adjourned.

Private sales of considerable importance continue to daily reported.

S. A. Horowitz has sold for S. Jarmulowsky on the south side of Fifty-eighth street west of Third-ave., to his son, to Francis J. Schmid, for \$180,000, and to the latter to the former, Nos. 105, 111, 113, 122, 131, East Ninety-sixth, for \$180,000. The same broker has sold Nos. 310 and 312 East Twenty-fifth, five-story apartment, for \$75,000. F. C. C. Shattuck to M. H. Levy, for \$25,000.

Tenants' Family's Son sold to Clarence A. Watson the four-story brownstone dwelling, 2055½x100 feet, No. 56 West Seventy-second, near Columbus-avenue, for \$60,000.

E. F. Hartman for J. C. Umpherell the four-story brownstone dwelling, 206x90x100 feet, No. 31 West Seventy-fifth, for \$37,000.
